IMMEDIATE RELEASE

**1105 Government Information Group to
Co-locate Event with TAWPI 2009**

Boston, March 30, 2009 – 1105 Government Information Group, producers of FOSE and GovSec IT & U.S. Law, will co-locate a new event with the 2009 Annual TAWPI Forum & Expo in Washington DC. The event – **Governance, Risk & Compliance** – will take place August 4, 2009 at the Walter E. Washington Convention Center.

“We are eager to begin working with TAWPI on this exciting new opportunity,” said Christina Condos, 1105 Media’s Vice President of Events. “The TAWPI Annual Forum & Expo is the leading event focused on process improvement solutions and strategies for government and industry professionals looking to automate paper intensive business processes. Bringing our events together creates a distinct educational venue for delivering insight, information and advice on enhancing operational efficiency and doing more with less.”

“Co-locating the 1105 Media event with TAWPI 2009 enhances the opportunity for attendees to find suppliers and acquire the practical knowledge and information they need to implement effective document automation and business process management strategies in their

organizations,” said Frank Moran, president of TAWPI. “This partnership will allow us to serve a larger audience and provide attendees world-class educational opportunities and access to the most comprehensive range of technology from the largest presentation of exhibitors in the industry. We are looking forward to a strong relationship with 1105 Government Information Group.”

A key feature of the partnership is a new Government Pavilion sponsored by FOSE to be located on the trade show floor of TAWPI’s Forums & Expo. The Government Pavilion is a one-stop solutions showcase specifically for government buyers seeking leading integrators of documents and payments automation technologies, processes and tools. The pavilion will showcase advanced solutions for tax processing, scanning, data capture, ECM, workflow, archive, and more.

About TAWPI

TAWPI is a Membership Association that facilitates the peer-to-peer exchange of actionable information, ideas and best practices on the converging technologies and processes that enable payments automation and document management. The TAWPI 2009 Forum & Expo is a highly interactive, multi-dimensional event featuring ideas, information and advice on payments automation, distributed capture, and document & forms automation.
